

# Chocolate Buttons

## Ingredients

- Snyder's Snaps - Pretzels
- Hershey's Kisses
- Peanut Butter M&Ms

## Preparation

Preheat the oven to 170 degrees. Place pretzels on a baking sheet covered in parchment paper. Place a Hershey's Kiss on top of each pretzel. Bake in the oven for 5-8 minutes - the kisses should be melted all the way through, but still in its original shape. You can test to see if they are ready by taking an M&M and placing it in the center and pushing down. If you can push down easily all the way, they are done. Otherwise, put them back in the oven until ready. Take them out and push an M&M inside the center of each kiss and press down. Let them cool on the cookie sheet until hard.
